ALLIED ARMY IS GIVING WAY

French However, Say German Movement Has Been Repulsed.

STRICT CENSORSHIP.

Newspapers of Paris Complain Bitterly that Virtually All Intelligence Is Kept from Public.

The allied army is giving way in Northern France.

The Paris War Office, however, refuses to furnish any details, but insists that the movement has already been provided for.

Reports that the forts of Longwy and Montmonedy have been captured by the Germans are again current.

Their capture, however, is declared by the military experts to be comparatively unimportant inasmuch as they already had been isolated by the German enveloping movement.

The last official statement from the French War Office said:

"The general impression concerning the engagements which took place today (Wednesday) on the line from Cambria to Lecateau is favorable. In Lorraine the German offensive movement has beben absolutely repulsed."

The Cambria-Lecateau line is about twenty-five miles within the French frontier and is behind the Valenciennes-Maubeugeg position to which the British and French forces retired after Saturday's battle at Mons and Charleroi.

The French right has been obliged to withdraw slightly in the neighborhood of St. Die, dispatches from Paris say.

St. Die is in the department of the Vosges, northeast of Epinal, one of the great French frontier fortresses. This region is the furthest fom Paris of any of the five lines of concentric advance proclaimed by the Germans and hence a check there is not deemed by the allies of equal importance with a defeat in the north, where the distance between the frontier and the capital is shortest.

GERMAN PRINCES KILLED.

Men of Highest Rank Apparently Do Not Hesitate to Take Desperate Chances.

Paris, August 27.—It is officially announced that a German Prince has been killed in battle, and the Ministry of War says it presumes that it was Prince Albert of Schleswig-Holstein-Sonderburg-Gluecksburg.

An earlier announcement had given the name of Gen. Prince Adalbert, who was described as the Emperor's uncle. This was obviously an error, and the Ministry of War now states that Adalbert "was probably a telegraphic error," "Albert" having been intended.

Berlin, August 27.—According to an official announcement made here yesterday, Lieutenant Gen. Prince Frederick of Saxe-Meiningen was killed by a shell before Namur on August 23.

Teacher Dies From Wounds.

Freeling, Va., August 27.—News reached here Tuesday of the death of Miss Vaudie Kiser, the teacher at Carrie, from a stab given her by one of her pupils. The boy, whose name is Charlie Lowe, had disobeyed and when his teacher attempted to punish him he drew a knife, slashed her across the arm, and stabbed her in the side. The boy is now in jail at Clintwood, but it is liely that he will be sent to the State reformatory.

NEWS OF THE DAY

The Department of Commerce yesterday received a message that appears to indicate that Switzerland is being drawn into the conflict in Europe. This is the announcemnt of the departments. "The International Radiotelegraphic Bureau at Berne, Switzerland, has announced that practically all its officers and clerks who are Swiss citizens have been called to the colors. The bureau also reports considerable delay in all mails." The inference drawn from the message is that Switzerland is taking active steps to protect her neutrality.

Official information from Hamburg definitely locates the German fleet in the Kiel Canal, in the estuary of the Elbe River and near the Island of Heligoland. Torpedo boats and cruisers are protecting the coast. The big battleships are in the Kiel Canal. In the harbor of Hamburg are 1,200 German merchantmen anchored or tied up at piers.

A Reuter dispatch from Paris says that a division of German cavalry, consisting of 3,000 men, raiding French territory, was annihilated when it appeared before a hidden French battery. The Uhlans were mowed down and all were either killed, wounded or taken prisoners.

G. C. Hills, aged 70, secretary of a Cleveland, Ohio, wholesale provision company, was shot and killed early yesterday by E. E. Boalt, who then killed himself by firing a bullet into his mouth.

Firing a bullet into his heart, Charles Alvey, adjutant captain of First Maryland Regiment, a son of the late Chief Justice Richard H. Alvey, of the Maryland Court of Appeals, and a young attorney, committed suicide yesterday in his law office in First Nattional Bank Building at Hagerstown, Md.

Cardinal Farley, of New Yor, accompanied by Monsignors Patrick J. Hayes and John Edwards and the Rev. Thomas D. Carroll, went to St. Peter's in Rome yesterday. They knelt and prayed before the tomb of the Apostle and then descended into the crypt to pay a last homage before the resting place of Pope Pius X. They remained there deeply engrossed in prayer for a considerable time.

The entire French cabinet has resigned. Within an hour the retiring premier was reinstated with the ministry entirely reorganized. This action was called for by the President in an effort to reorganize and strengthen the nation's defenses. The upheaval of the French cabinet is immediately followed by the appointment of a new military commandant of Paris and the inauguration of a policy of placing younger and presumably abler generals in posts of high command.

A colonial trooper among the wounded brought to Paris from the front declared that he felt nothing when his arm was shot off by a shell until he saw it lying on the ground. Not being able to bear the thought of leaving it, as he expressed it, as "meat for the Prussian dogs," he picked it up and ran several yards with it before he was overcome.

An attempt to blow up one of the chief London banks has led to an official warning to all banks to examine thoroughly upon delivery all deep boxes deposited with them. A harmless-looking deep box was presented at a London bank for deposit in the strong room. A sharp ear caught an ominous ticking and an infernal machine was discovered in the box.

Three persons were killed late last night when an automobile plunged down a 10-foot embankment on the main highway near South Windsor, Conn. It is said the driver of the automobile was blinded by the dazzling headlight of a passing trolley car, which caused him to lose control of his machine.

The correspondent of the Reuter Telegram Company at St. Petersburg says that the Russian authorities are abolishing previous restricious against holding of prayer meetings by Baptists and that the Baptists are opening hospitals in Kiev, Odessa and St. Petersburg.

RUSSIA ADVANCES INTO PRUSSIA

Germans Reported to be Withdrawing and Abandoning Everything.

2,000,000 OF INVADERS.

Another Million of Soldiers Hurrying to Front—Kaiser's Army Slowly Retreats Before Enemy.

St. Petersburg, August 27.—The advance of the vast Russian forces into Eastern Prussia and Galicia is proceeding without interruption.

The war office here declares that the Germans are steadily withdrawing, abandoning guns and quantities of ammunition in their retreat toward the defenses along the Vistula River Russia's army numbers 2,000,000, with another million hurrying toward the front.

The first German army corps is reported to be withdrawing toward Danzig. A force of Russians is reported to have reached Marienburg, which is only twenty-five miles from Danzig, the northernmost fortress of the Vistula line.

That the German defense of its territory does not contemplate a pitched battle except in ground selected by the German staff itself is now considered certain.

Reports from the front indicate the Germans are making no definite stand. They are slowly retreating before the Russian advance, inflicting all the damage possible as they move back on their main line of fortifications.

The Russian left and center armies operating in force and along lines previously laid down, have bottled up German garrisons of the Eastern Prussian forts, and their reduction is assured whenever the general staff orders it. The objective of the center army is believed to be Posen, although no information regarding plans is obtainable here.

COMING CONCLAVE.

Many Cardinals Would Begin the Sessions on Monday.

Rome, August 27.—No exact date has yet been fixed for the convening of the conclave, which will elect a successor to Pope Pius X, although there seems to be a disposition on the part of many of the cardinals at present in Rome to start the proceedings Monday. If these cardinals should have their way, Cardinal Gibbons and O'Connell will not be able to reach here for the opening session, and it is doubtful also whether Cardinal Farley, who arrived in Chiasso, Switzerland, yesterday, can be present.

Workmen are engaged in the Sistine chapel erecting the catafalque for the last funeral mass for Pope Pius, which will be celebrated Sunday.

Immediately after this service the chapel will be transformed into a conclave hall.

The fourth congregation of cardinals met today in the Consistorial Hall. Several cardinals from the provinces attending for the first time, including Cardinal Dellachiesa, archbishop of Boulogne, and Cardinal Mercier, archbishop of Mechlin, Belgium.

The latter was greeted cordially by Cardinals Della Volpe Agliardi, and Vincenzo Vanutelli, who discussed the war situation with him.

Although Cardinal Martinelli has returned to Rome it is not believed that he will participate in the conclave, owing to illness.

The Tribuna says pressure is being brought to bear on Cardinal Della Volpe, to await the arrival of the American cardinals before opening the conclave.

Paris correspondent of the London Daily Express cables that the German losses in the three days of the big battle along the war front have been at the ratio of three to one for the allies.

Please obey the order of the police regarding the removal of grass and weeds from your gutters, yards and alleys.

All alleys are "private" and should be kept clean by the owners of property abutting thereon. If the garbage carts do not call for the refuse from your kitchen burn same or cover with carbolic solution mentioned above and bury it

ESTATE OF FOUR SISTERS.

Curious Case Before Supreme Court of the District of Columbia.

An order directing the distribution of an estate valued at about $22,000, left by 4 sisters of Washington and consecutively willed to each other, is asked in a petttion filed yesterday in the District of Columbia by H. Bradley Davidson, the executor. It is doubtful if the records of the office of register of wills could furnish a parallel case.

Ann Ella Davidson, the first of the sisters to die, died in February, 1896, the petition states. Her will devised her estate to her three sisters, Adelaide Davidson, Martha E. Davidson, and Kate Davidson. Kate Davidson died January 19, 1910, leaving her property to her surviving sisters. Adelaide Davidson died April 23, 1914, leaving the property to Martha E. Davidson. Six days later the latter died, thus breaking the line of direct succession.

The petition states that there is a difference of opinion among the heirs as to the proper distribution of the estate.

Among the heirs at law of the combined estates is Miss Mabel D. Suter, of Rosemont, Va., a niece.

GERMANS RETREATING

Russians Occupy Several Important Places in Prussia.

London, August 27.—A dispatch from St. Petersburg states that the German troops in the Elbing district of East Prussia, near the Vistula River, are retreating westward before the Russian advance. The Russian troops have occupied Nordenberg, Sensburg, and Shopsberg, and the way station at Rothfliessen in East Prussia.

Paris, August 27.—The Russians are reported to have occupied Marienburg, West Prussia, twenty-seven miles southeast of Danzig. The report is unconfirmed, but it is believed that Danzig is seriously menaced.

London, August 27.—The French embassy officially announces that all Autrian toops have been driven from Servian territory.

A dispatch from Nish says that out of the Austrian army that invaded Servia 15,000 were killed, 30,000 wounded and 15,000 taken prisoners in the fighting along the River Drina.

Nish, Servia, August 27.—More than 10,000 Austrians were killed and 20,000 wounded in the nine days' battle on the River Save, according to survivors of the conflict. It was said here that 40,000 men had taken part in the engagement, which was bloodier than any in the recent Balkan wars. Hundreds of bodies are floating down the Save.

A dispatch from Marshfield, Ore., says a naval battle was in progress at Coss Bay yesterday afternoon. The firing started late in forenoon and continued and frequent cannonading was heard until shortly before noon, when it ceased for half an hour. At 12.30 o'clock the firing began agian and continued until 2 o'clock. The German cruisers Leipsig and Nurnberg were on Cape Blancon Monday afternoon and in the same neighborhood was a Japanese warship.

BERRYMAN GREEN MAKES STATEMENT

Delegate From Danville Sees Menace in Statewide Prohibition.

TOBACCO MAY BE NEXT

Official of Anti-Saloon League Enemy of Indian Plant—Big Virginia Interest Menaced.

Richmond, August 27.—That the attitude of influential Anti-Saloon League leaders threatens the tobacco industry, that Statewide prohibition is contrary and abhorrent to the principal of local self-government, and that many evils, kept in check under local option law, flourish and increase under prohibition law are, in effect, the statements in an open letter made public by Berryman Green, member of the House of Delegates from Danville.

Mr. Green's city is one of the large tobacco centers of Virginia, and Mr. Green realizes the loss which Danville would suffer if the prohibitionists, flushed with victory, should they carry the September election, begin their crusade against tobacco.

Among other things Delegate Green says:

"I am opposed to this prohibition movement because I believe it to be merely one of a list of fads that are being urged by intolerant persons, who like the old Abolitionists, desire to regulate the personal habits and conduct of their fellow citizen. I am firmly convinced that should they prevail in their desire to prohibit the sale of ardent spirits, their next step would be against the great tobacco industry, upon which the prosperity of my city and the surrounding country is dependent. I know that this is denied emphatically by the adherents of prohibition, but nevertheless I am confident that such would be the result.

"Movements in other States indicate it. The very spirit of the movement is such as to make it the most probable development in this propaganda.

"In addition to this, I cannot but be reminded that the president of the Anti-Saloon League of this city, Mr. John H. Schoolfield, was for years a prominent tobacco dealer in Danville. His firm engaged in both manufacture and dealing in the leaf leaf product. Some years ago, almost at the identical time he assumed charge of the prohibition work here and became the president of the Anti-Saloon League, he also retired from the tobacco business, disposing of his interest, and giving as his reasons for retiring that he had reached the point where his conscience would not permit him to longer engage in the tobacco business. If such a man as Mr. Schoolfield is so easily made to jump from an Anti-Saloon man to an anti-tobacco man then there is grave danger for the tobacco interests Remember that Mr. Schoolfield has led every wet-and-dry fight in Danville for the past ten years and is high in the counsel of the State Anti-Saloon League leaders."

LOWER CLASS WELCOMED WAR.

Upper Classes Took News Gravely, Says New Yorker.

London, August 27.—An interesting light is thrown on German feeling by H. F. Valentine, of New York, who has just arrived in London from Germany and relates experiences in various Dresden cafes on the night Great Britain's declaration of war was made known. The upper classes received the news seriously; the lower classes joyously. Mr. Valentine said;

"I was in a cafe frequented by well-to-do people when a man entered and read aloud a telegram announcing England's declaration of war. A sudden hush fell where previously all had been annimation. Most of those present quietly left. Among them I noticed the director of a big steamship line.

"All obviously were greatly surprised and sobered by the tidings, for which the newspapers had not peared them, belief that England would remain neutral being universal.

"I next went to a popular beer hall, much frequented by students. Many soldiers were present, and here the news aroused a great outburst of patriotism. The band played martial airs patriotic songs were sung and war-like speeches were made by men mounted on tables. Never have I witnessed a greater display of patriotic fervor.

"At other popular cafes similar scenes were enacted. Later a mob gathered and marched on the British legation, which was bombarded with stones.

WOULD ENTANGLE SPAIN.

King Frowns on Effort of Political Leaders to Stir Up Partisanship.

Madrid, August 27.—Efforts of a certain portion of political leaders to stir up sentiment that will force Spain to cast her lot with the allies against Germany are being sternly frowned on by the King.

The position of the government to date is that by maintaining the strictest neutrality at this time, Spain will be in the better position to aid all concerned when mediation can be offered successfully.

HOLY WAR MAY BE PRECIPITATED

Fears of General Massacre of Christians While Europe is Aflame.

CRUISERS TO RELIEF.

United States Will Do Everything Possible to Protect Americans—Danger Believed to Be Past.

Washington, August 27.—Fears by Americans of a "holy war" in Turkey, with rumors of threatened attacks upon all Christians by Mussulmen. have been transmitted to the State Department by Ambassador Morgenthau from Constantinople.

Officials here refused to regard the situation as serious. but admitted that Morgenthau has said there appeared to be some basis for the fears expressed to him by American missionaries. The latter are afraid the Mussulmen will take advantage of the general European war to attack Hebrews and Christians.

The cruisers Tennessee and North Carolina, now engaged in the relief of Americans in Europe, would be available for service in the protection of Christians in Turkey should a general massacre occur there, as it is feared, Secretary of the Navy Daniels said today.

Secretary Bryan said he had been informed by Ambassador Morganthau at Constantinople of alarm for the safety of Christians in Turkey several days ago, but the absence of dispatches from Morganthau since then has given the State Department confidence that the danger is passed.

"The Tennessee and the North Carolina have nearly completed their mission abroad," said Secretary Daniels, "so that they could be pressed into service if they be needed However, alarm for safety of Christians in Turkey seems outside that country than in it."

Exact figures are lacking, but the number of foreign missionaries in the Ottoman Empire is probaoly under 1,000. This total is increased greatly by the number of communicants of their missions and the native workers in sub-stations and the like.

DESTROYERS IN A FIGHT.

Pekin, August 27.—Up to noon yesterday the only engagement reported to have occurred near Tsingtau, capital of the German protectorate of Kiauchau, was an encounter between a German torpedo boat and a British torpedo boat on Sunday or Monday last.

SUIT FOR DIVORCE.

Couple Were Married in Alexandria in April, 1911.

In a bill of complaint for a limited divorce, sworn to by Mrs. Kate C. Grimes, of this city, and filed in the District Supreme Court yesterday, she alleges that her husband, Forest Gott Grimes, an employe of the government printing office, slapped her and otherwise abused her when she was ill.

Mrs. Grimes also alleges that while living with her husband's people his grown brothers and sisters subjected her to insults. She further alleges that her husband and his mother have in their possession a diamond ring that she obtained from her mother, her clothing, and her baby's bed, and refuse to give them up.

Justice Stafford directed Grimes to show cause by the last day of this month why he should not pay his wife a sum for temporary support. Mrs. Grimes, who says she is 22 years old, was married in Alexandria, April 3, 1911, and lived with her husband until September, 1913. TYPHOID FEVER OF PAST

Dreaded Malady Exists Sporadically in All Months of the Year.

That typhoid fever is not entirely a summer or fall or winter disease, is evidenced by an examination of the record.

In 1891 the first fatal case was on June 21, followed by two in July and three in August, two in October and five in November.

In 1895 of the 16 fatal cases there were three in September and three in October, three in November and five in December.

In this last month the first case was on the 4th and the fifth on the 31st.

In 1910 of the 18 cases, which was the largest number reported in the 22 years, there were 13 fatal cases—August 8, October 17—in less than ten weeks.

In the next two years—1911 and 1912—only four cases existed—two in each year.

The following will prove interesting at this time, as it shows the number of cases of typhoid fever in Alexandria from 1891 to 1912.

TO SPEND $80,000 MORE

Fairfax County Wants Modern Roads Leading West of Alexandria.

Not satisfied with the expenditure of $90,000 now being made on good roads in Mount Vernon district, citizens of Fairfax county are preparing to spend an additional $80,000 on the roads leading west of Alexandria. Meetings are being held throughout the Falls Church district, which lies west of this city and petitions are being circulated asking Judge J. B. T. Thornton, of the Circuit Court to order a specal election to be held in this district early in the fall at which time the people will be given an opportunity to vote on the question of bonding the district for $80,000.

The roads to be improved will total over 30 miles and among them will be the Leesburg turnpike, from Alexandria to Bailey's Cross Roads, the Little River turnpike, from Alexandria to the county line, and the Columbia turnpike, from Bailey's Cross Roads to Annandale. It is proposed to build the roads of macadam under the supervision of the Virginia State department of good roads. In case the $80,000 is voted by the people approximately $30,000 additional will be available from the state, county and government sources.

Splendid progress is being made on the new roads being built in the Mount Vernon District, south of Alexandria. Several large construction camps have been established by Berkley and Schmidt, the contractors and a hundred teams and 500 men are at work. The total cost of the work now under way is $116,000 of which $90,000 is being paid by the county and the balance by the state and government.

CUT IN A FIGHT

Harry McKenzie, a negro employed at the construction camp of Berkley and Schmidt in Fairfax county, was seriously cut in a fight with another negro at an early hour this morning. He was brought to this city and Dr. Walter A. Warfield took fifty stitches in his left arm and shoulder.

SOUTHERN DOUBLE TRACKING

Railway Let Contracts for 36 Miles on Danville Division

The Southern Railway Company has awarded a contract for the construction on the Danville Division, between Greensboro and Pelham, N. From mile post 248 to 263, the work was awarded to the Parker Brooks Construction Company, of Greenville, S. C., and from mile post 263 to 284, to the Morrow Construction Company of Atlanta.

This makes a total of 75 miles of double track on the Washington Division, which the Southern Railway Company has placed under contract in the last few weeks, contracts for the construction of 39 miles in Virginia having been let as follows: Between Charlottesville and Arrow Head, seven miles; between Elma and Amherst, 19 miles, and between Dry Fork and Danville, 13 miles. Contracts have also been recently let for the construction of 21 miles of double track on the Alabama and Great Southern, between York, Alabama, and Meridian, Mississippi, and on the C. N. O and T., P. for nine miles, between New River and Sunbright, Tennessee.

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

PRIEST AND LEVITE PASS ON OTHER SIDE

The Richmond Evening Journal contains the following, which shows that the lesson of the parable of the Good Samaritan has not yet been perfectly acquired.

"Several times recently we have ventured to remonstrate with our ministers for the manner in which they have entered politics in Virginia, departing so radically from the old high standard of the fathers, which forbade our preachers from participation in political contests. We have been able to see from the first that such a course was bound to lessen the influence and very gravely impair the usefulness of these good men, called to God to minister to the spiritual needs of the people.

"A very striking instance of the failure of those who are regarded as our leaders in good works to heed ordinary demands upon their charitable consideration is affected by the case of the young man, claiming to be a ministerial student, stranded in Richmond, and jailed because of his inability to pay his board bill. This young man, educated and striving hard to earn the money with which to complete his theological course, found selling books utterly ineffective as a means of accomplishing his object. In the language of the street, he "went broke." Unable to pay the board bill which he had contracted, he was arrested and put in jail.

"None of the ministers of the city came to his relief and in the language of the parable of the Prodigal Son, 'no man gave unto him.'

"As it was, The Journal had to take up the case, pay the bill which the poor fellow owed, and give him another chance, which, he says, he will use to complete his training for Christian work. This is not said complainingly, for it was a privilege to be granted opportunity to extend a helping hand. The incident does show, however, and shows very clearly, that through allowing themselves to be dragged into politics our ministers may become so involved in political labors they will have no time for, or in the turmoil, will not hear such plain calls to Christian work for the field of political endeavor, or who would divide his service between a political master at Anti-Saloon League headquarters and his Lord and Master, knowing that He would accept none but undivided allegiance. But we still can than God that there is a vast number of Virginia preachers of the gospel who have not bowed the knee to the Baal which certain designing men have set up and commanded them to worship"

GOV. BLEASE SNOWED UNDER

The result of the primary election in South Carolina shows that a large majority of the voters in the Palmetto State have grown tired of Governor Blease. He was anxious to go to the United States Senate, but his dreams have suddenly passed away in the face of figures which show that up to the present time he is sixteen thousand votes behind his competitor, Senator Ellison D. Smith.

South Carolina has had much with which to contend during the past half a century. Crushed by military and carpetbag rulers at the close of the civil war, her woes were followed by negro domination, dual legislatures and every other political incubi until her people, under Wade Hampton and others managed to replace the state in the position it held in the American union previous to the secession movement.

Bleaseism was a blight of late years and the people of the entire country will rejoice with those of the southern state that it has been effectually uprooted.

When Blease won in his race for Governor two years ago in spite of the opposition of Senator Benjamin R. Tillman he sent Tillman a telegram, in which he referred to the "raging of the heathen."

Senator Tillman yesterday telegraphed Blease "The heathen still rage, but the people rejoice"

DAILY GAIN IN WEIGHT

Comes to Those Who Use Samose, Says Druggist, Leadbeater And Sons.

The poor, thin, emaciated person, when he or she becomes plump, rosy and robust by using Samose, forgets that there is such a thing as weakness and underweight

Samose restores health to the whole system so that the tissues assimilate from the food all of those elements which make solid bone, firm muscle, pure blood, and sufficient fat to restore beautful and symmetrical outlines to the figure.

An increase in weight is seen from the first week's use of Samose, but if it does not restore you to your proper weight and give you full vigor and vitality, Druggists E. S. Leadbeater & Sons will return your money. You certainly can afford to try Samose on this guarantee. E. S. Leadbeater & Sons.

The Canadian Pacific liner Princess Victoria yesterday struck and sank the Pacific-Alaskan Navgation Company's steamer Admiral Sampson at Point No Point, twenty miles from Seattle. Captain Skidmoore, of the Sampson, and seven members of his crew were drowned. The rest of the crew of sixty-five and fifty-five passengers were picked up by the Princess. Fire broke out in the forecastle immediately after the collision and the crew had to combat the flames as well as rescue the Sampson's people. The Sampson's skipper directed the lowering of her boats and disposition of the crew and passengers after the crash. He stuck to his post till the last, calmly waving his hand in farewell to the others as he went down with his ship.

Senator Smith Defeats Him for U. S. Senate Decisively.

Spartanburg, S. C., August 27.—Fuller returns from the Democratic primary election Tuesday show Senator Ellison D. Smith's defeat of Gov. Cole L. Blease for nomination for the United States Senator was decisive. L. D. Jennings and W. P. Pollock, the other candidates, were not factors, having received only a few thousand votes.

With about 20,000 votes still put, the count this evening stood, Smith, 69,242, Blease 53,683. Of the 11 candidates for Governor, the following lead;

John Richards, 22,708; Robert A. Cooper, 22,551, and Richard I. Manning, 22,667.

Jap Fleet for Adriatic

London, August 27.—The Japanese fleet will be sent to the Adriatic Sea in answer to Austria's declaration of war against Japan, it is said in official circles here.

By turning over their interests in the Mediterranean and adjoining waters to the protection of the Japanese fleet, the allies, it is said, will be free to send their Mediter-squadron to other parts of the world.

The projected move is thought to mean that the allies plan to concentrate a tremendous naval force in the North Sea. Another idea advanced is that England needs the Mediterranean squadrons to convoy troop ships from her colonies.

CONFESSES KILLING WOMAN.

Jap Admits he Buried Body in Sand Dunes of California.

Monterey, Cal., August 27.—Garage Kodani, the Japanese photographer under arrest in connection with the death of Miss Helena Wood Smith, a New York artist, whose body was found hidden in the sand dunes near Carmel, by the sea, made a detailed confession of the crime Monday. The confession followed a number of conflicting stories of the murder, none of which the authorities believed.

"I killed Miss Smith Wednesday night at midnight," said Kodani. "I was at her home in afternoon and left there at 5 o'clock for Monterey. I had an appointment to meet Miss Smith at the point where I killed her, near the septic tank, at 8 o'clock and she arrived there at that time. She brought with her some lunch, including figs and pears, and she had her steamer robe tied up with heavy fish cord.

"I told her that I was going to Nevada with another woman to marry her and then she got angry and started to tussle with me. I saw an abalone shell nearby and picked it up, striking her on the head with it. I did this to protect myself. After this I took the fish cord that was around her steamer robe and tied it around her neck. I strangled her. I was made wild. Then I tied her feet, I sat with the body until it was nearly daylight and then I dug a hole and buried her"

The abalone shell has been found. The Japanese told the authorities that he came to Monterey after he buried the body and endeavored to cash a check for $252.22, which he said Miss Smith gave him. The disappearance of the artist was then reported to Sheriff Nesbitt and Kodani was arrested in Monterey.
